STRATHAM PUBLIC OFFICIALS/INFORMATIONAL MEETING
REPLACEMENT OF WINNICUTT ROAD BRIDGE AND ROADWAY WORK

The New Hampshire Department of Transportation announces a combined Public Officials/Public Informational Meeting will be held Tuesday, November 18, 2003 to discuss the planned replacement of the Winnicutt Road Bridge in Stratham.

This project begins on Winnicutt Road, approximately 1,000 feet south of the Winnicutt Road Bridge over the Winnicutt River, and continues north approximately 2,000 feet. It involves the replacement of the Winnicutt Road Bridge and associated roadway approach work.

Construction options currently under review for replacing the bridge consist of either closing Winnicutt Road at the bridge and providing a detour over the existing roadway system, or providing signal-controlled one-way traffic during construction until the new bridge is complete.

The November 18 public meeting to display the current concept and obtain input will be held at the Municipal Center, 10 Bunker Hill Avenue, Stratham, NH at 7:30 PM, followed by a question and comment period.
